THE INVALID'S FRIEND.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of these Pills every night; eat plenty of solids, and avoid the use of sweets. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they are afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasms—in fact they never fail in curing all disorders of liver & stomach.

Bronchitis, Diphtheria, Coughs, Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any over-gorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.

In cases of debility, languor and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Biliousness, Loss of Appetite, Head-ache and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities	Retention of Urine
Asthma	Fever of all kinds	Scrofula, or King's Evil
Bilious Complaints	Fits	Sore Throat
Blotches on the skin	Gout	Stone and Gravel
Bowel Complaints	Head-ache	Secondary Symptoms
Colic	Indigestion	Tic Douloureux
Constipation of the Bowels	Inflammation	Tumours
Consumption	Jaundice	Ulcers
Debility	Liver Complaints	Veneral Affections
Dropsy	Lumbago	Worms of all kinds
Dysentery	Piles	Weakness from whatever cause, &c., &c.
Erysipelas	Rheumatism

NEW WESTMINSTER, TUESDAY, MAR. 14, 1865.
THE VICTORIA PRESS AND THE "BRITISH COLUMBIAN."

We have incurred the displeasure—dire hate of the copperhead press of Victoria by so effectually exposing their recent tergiversation and political eccentricities. The *Chronicle*, especially, foams over with the most rancorous abuse of us, resorting to the most childish devices in order to vent its spleen. Well, as the coal-heaver said of his wife, "it doesn't hurt or an' it pleases she." We don't know that we could enjoy a higher compliment than to be the object of the virulent attacks of that sheet. It never stood very high with the right-thinking public of either colony, but now that the only particle of principle which it ever possessed has been bought out by the party whose hired organ it has become, there is no longer any restraint upon its columns, any bounds to its indulgence. "Let it rip." If it cannot accomplish any good it is certainly powerless for harm. With the *Colonist* it is, however, a little different. That paper, which has always kept the lead, and exerted more political influence than all its local contemporaries put together, has, for the last twelve months or so, been conducted with rather more than ordinary ability, at least so far as its editorial department is concerned. It is not, therefore, without regret that we have observed a decided change recently coming over that sheet, which is very far from being calculated to increase its influence either at home or abroad. In his over-zeal to bring about a union with this colony the Editor of that paper has resorted to the ignoble expedient of misrepresenting our Government, misconstruing our laws, and endeavoring to sow the seeds of discontent and sedition amongst the mining population of British Columbia. His attempt to prejudice the miners, as a class, against the present administration is most unwarrantable. The miners are asked to believe that taxes are being multiplied and revenue expended without the slightest regard to their rights and interests. If the miners will take the trouble to analyze the Estimates they will readily perceive that, after deducting the Civil List, a large proportion of the revenue is proposed to be expended for their especial benefit. And even the Civil List, altho we cannot by any means defend much that appears under that head, is, to a large extent, an expenditure on their account. The fact is the new tariff is being used as a mere bug-bear for the purpose of exciting prejudice in the minds of that class of our population; for, notwithstanding all that has appeared in the Victoria papers to the contrary, it will not increase the miner's taxation by one-hundredth part of a cent. That tariff has been based upon the most careful and mature calculation, made by minds at least as astute as those composing the Victoria Legislature, and the export tax upon gold—a measure the equity of which even these agitators are compelled to admit—has been levied for the purpose of meeting the contemplated falling off in the revenue hitherto derived from customs duties. That there will be a falling off in that branch of revenue with direct trade there can be no doubt; and that we are about to enjoy direct trade none know better than these same Victorians, to their present disquiet and prospective cost. The *Colonist* makes a very awkward attempt at throwing ridicule upon our statement that, under the new tariff and with direct trade, we shall have our supplies laid down 50 per cent. cheaper than under the old tariff with Victoria for our market. We would remind our contemporary that he himself supplied us with those same figures, a short time ago, while seeking to impress upon the people of Victoria the value of British Columbia trade to them, and the necessity of resorting to union upon any terms as the only means of retaining that trade. It is a simple enough proposition that if our trade is worth 50 per cent. to Victoria, to bring it direct here would be to save that percentage to this colony; for it cannot be successfully shown that goods cannot be laid down as cheaply in New Westminster as in Victoria. If, then, the goods will cost no more to the consumer by the change, surely no one will venture to assert that it is an injury to build up a commercial emporium within the colony, and bring the market 84 miles nearer to the consumer. If the miners will display the same amount of shrewd good sense in this that they do in other matters, if they will just close their ears against

the blatant trash with which the Victoria press is teeming, they will find that they have in Governor Seymour a better friend than those who will prove themselves to be who are so industriously seeking to hound them on in an unjust and insane crusade against a Government which is honestly and intelligently seeking to promote their best interests. We repeat that we sincerely regret to see any of our miners allowing themselves to be made tools of by a few Victoria politicians in carrying on an agitation which can result in no good, but is certain to militate against any influence they might otherwise hope to exert upon the administration.

NEW WESTMINSTER, TUESDAY, MAR. 14, 1865.

The School and the Town Clock.

A communication appeared in our Saturday's edition upon the subject of the two items in the estimates for the erection of a new School-house and a Town Clock in this city. While we cannot quite agree with our correspondent in all that he says, we confess to a feeling of surprise and disappointment at seeing so insignificant a sum as £250 set down for a new School-house in the capital. Whatever money is expended now for that purpose should be upon a permanent site, and in the erection of what might form the nucleus of a complete suite of educational buildings. It follows, therefore, that what is put up should be of brick or stone. The next point to be come at is the probable requisite amount of room for our common school for two or three years to come. The little cabin now in use is only calculated to accommodate 21 pupils, according to the most enlightened modern rules, and yet we find 34 children crowded into it, literally huddled together like so many captives in the hold of a slave. If one may judge from present appearances we may safely calculate upon having one hundred children of school age in this city within two years from now. If it would be unwise, therefore, to build with a view to providing for less than 100 pupils, so that a building 30 x 40 feet of thereabouts must be reckoned upon. What would such a building in brick, and finished complete, with out-buildings and the modern appliances for physical training &c., cost? Not much short, we apprehend, of \$5,000, or a little over four times the amount of the appropriation! How is this large deficit to be made up? The present School-house and lot should be sold, and the proceeds, possibly \$600, added to the building fund; but that done there would still be three thousand two hundred dollars lacking. We are scarcely prepared to advocate the diversion of the £200 appropriated for a Town Clock to the purpose of building a School-house, although we confess the thing looks just the least bit premature in the absence of a suitable receptacle for what is doubtless much needed, and what would be ornamental as well as useful. We have too much respect for the feeling which prompted His Excellency to place that item upon the Estimates to suggest an alienation of the grant even for the more important object of providing suitable accommodation for the education of the youth. If it were a less urgent matter we would say, let it lie over a year rather than put up a mere nutshell of a thing, that would be an eye-sore in a year or two. But we cannot afford to wait. As we have said, the present School-house is shamefully crowded, so much so that parents even now threaten to withdraw their children; and "still they come." What will it be in the hot summer weather? We trust this matter will yet receive that consideration to which its importance entitles it, and that the work of erecting a suitable building will be commenced immediately.

MORE ARRIVALS FROM THE INTERIOR.—Mr. Franklin Roberts, of Pemberton, and Mr. George Heppert, of Lillooet, arrived in this city on Saturday. The latter gentleman is on his way to Prussia, to pay a visit to his friends there, and expects to return in the course of six months. The news from the interior is quite unimportant. At Lillooet trade is stagnant. Owing to the severity of the weather mining upon the bars of the Fraser is almost entirely suspended. Previous to the "freeze up" as high as \$18 a day to the rocker had been made near Lillooet. The road is well broken as far down as Pemberton, and it was expected that on the Douglas Portage Messrs. Dodge & Co. would have their sleighs running in the course of a few days. The steamers on the upper lakes had commenced running. Mr. Saleese, a Lillooet trader, died on the 4th inst. of disease of the heart, while crossing Pemberton Portage, on his way to Lillooet. These gentlemen complain bitterly of the difficulty of getting down from Harrisonmouth to this city. Mr. Heppert remarked that seven years ago he was obliged to make his way through the jungle on the banks of the Lower Fraser, and he was surprised at being obliged to undergo a similar process now. The total absence of any road, even a trail, to connect the interior with the capital is certainly hardly creditable to the late administration, and if not attended to soon will become a reproach to the present Government.

EXPECTED ARRIVAL OF THE "SHUBRICK."—We learn that the U. S. revenue cutter *Shubrick* has been placed at the disposal of the Collins Telegraph Company, and may be expected to arrive here in the course of the present week with Col. Buckley, superintendent of the Collins line and Mr. Gamble, superintendent of the California State line. It is expected that the *Shubrick* will proceed to Sitka with Col. Buckley.

"HONOR TO WHOM HONOR" &c.—In noticing the arrival of the *Fiddler* on Saturday evening our infantile contemporary remarks:—"The thanks of the community are, we think, due to Messrs. Dickson & Campbell for having sent their trim little steamer to relieve us." Now we think the thanks of the community are due to Messrs. Dickinson Brothers, for their enterprise in chartering the steamer at an expense of \$150 to bring up our mails and a supply of beef cattle, not to Messrs. Dickson & Campbell, who merely performed an ordinary business act in pocketing a pretty large charter-money.

SHIPPING.—The *Nanaimo Packet* and the *Lord Raglan* arrived on Saturday evening, and the *Random* and the *Gazelle* yesterday. Some of these vessels are proceeding to the cod-banks, others to trade along our coast. Several other vessels, amongst them the missionary schooner *Caroleen*, are expected to arrive in the course of the week.

ECCLIASTICAL.—The Annual District Meeting of the Wesleyan Methodist Mission on the Pacific will be held in this city during the present week, commencing, we believe, on Wednesday. The Ven. Superintendent—Dr. Evans,—the Rev. E. White of Nanaimo, and the Rev. Mr. Browning of Victoria, are expected up by the next steamer. We understand it is in contemplation to hold a Tea Meeting during the session. The precise time and place will be announced in due course.

THE GAME ORDINANCE.—We learn that His Excellency the Governor has decided to postpone giving his assent to this Bill till the 1st April, in consideration of the inclemency of the weather and the backwardness of the season,—an act of grace which will be appreciated.

FIXING THE BUOYS.—The Harbormaster was down at the Mouth yesterday with the Governor's yacht *Leviathan*, placing some of the buoys in position.

RETURN OF THE BISHOP OF COLUMBIA.—The event so often predicted in a local print—the return of Bishop Hills—is announced in the Victoria papers brought up on Saturday.

Legislative Council.

Monday, March 13th, 1865.

All the members present excepting the Hon. Mr. Brew, indisposed, and the Hon. Mr. Homer, on leave.

The minutes of previous meeting were read and confirmed.

Hon. Mr. Elliott asked leave to bring in a Bill for more effectually preventing the sale or gift of liquor to Indians.

THE GOLD FIELDS ORDINANCE.

This Bill was read a third time and passed.

The Bill of Supply was read a first and second time and passed through committee.

The Hon. Mr. Cornwall brought before the House the services of Donald McLean, who fell during the Indian outbreak of the past year, with a view to some provision being made by the colony, by the grant of an annuity or otherwise, for his widow and children. Mr. Cornwall made a very able speech upon the subject.

The Hon. Attorney-General introduced the following Bills:—To regulate marriages in British Columbia; to regulate the registration of births, deaths and marriages; to regulate the harbors of British Columbia; to promote the formation of municipalities in British Columbia; to amend the law of Excise; to amend the dues leviable at the port of New Westminster.

The introduction of a Bill to amend the land laws of the colony was postponed.

NOTICES OF MOTION.

Hon. Mr. Holbrook gave notice of a motion to ask the Government to construct a cattle trail to the Sumass.

Hon. Mr. Elliott gave notice that he would introduce an Ordinance to regulate the fees of the Supreme Court.

House adjourned till 3 o'clock to-day.

Municipal Council.

Town Hall, March 13th, 1865.

Members present, the President (Mr. Clarkson) and Councillors Armstrong, Ferris, Robson, Miller, Tilley, Murray and Wyllie.

Minutes of previous meeting were read and confirmed.

A communication was read from the Rev. E. Robson, asking for the use of the Hall for a Tea-meeting on Friday evening.—Granted.

A communication from Mr. Sharp, informing the Council that his contract on Columbia street was half done, and asking to be paid the first instalment, according to contract, was read.

A resolution was passed ordering the sum of \$600 on account to be paid to Mr. Sharp.

Council adjourned.

The Governor's Reply to the Chinese-tax Petition.

We mentioned about a fortnight ago that a petition had been sent to His Excellency the Governor, praying that all Chinese miners should be compelled to take out licenses. The following is His Excellency's reply, which, it will be observed, gives rather a new complexion to the whole question:—

COLONIAL SECRETARY'S OFFICE,

New Westminster, 8th March, 1865.

GENTLEMEN,—I am directed by the Governor to acknowledge the receipt of your petition, praying that Chinamen may be compelled to pay a tax of one pound sterling a year for the privilege of mining.

In reply I am to inform you that Her Majesty's instructions expressly prohibit the Governor from assenting to "any Ordinance whereby per-

sons of African, Asiatic or Indian birth may be subjected or made liable to any disabilities or restrictions to which persons of European birth or descent are not also subjected or made liable." If, therefore, the Chinese be compelled to take out licenses, the compulsion must be made universal.

A proposal to this effect was contained in the draft bill framed by the Mining Board, but was, in His Excellency's estimation wisely, thrown out by the Legislative Council.

You are mistaken in the impression that the law at present in any way favors the Chinese. Whenever they strike upon ground sufficiently rich to render it possibly an attraction to the free miner they take out a license for their own protection.

The Governor concurs fully with you in the opinion that the Chinese are not the most desirable colonists whom our gold mines attract, and he has thought it quite consistent with justice to allow the new tariff to press with some severity on articles mainly consumed by them.

I have the honor to be, Gentlemen,

Your most obedient servant,
ARTHUR N. BIRCH.

The Civil Service.

MA. EDITOR.—Having for four years so manfully lifted up your italics and your adjectives against malfeasance in high places surely you would not now stoop to court official favor. And yet how else is your recent policy to be explained? While the most important political events are transpiring the readers of the *British Columbian* look in vain for those scintillations you were wont to administer to official delinquents. You have been occupied in playing marbles with dirty-faced boys on the streets at a time when that morbid pungency which formerly characterized your sheet would better become it. *Aquila non capit muscas.* Why should you stoop to bandy words with a puerile sheet when affairs of state demand your attention? If a desire to please the powers that be is really the explanation, I would remind you of the old Latin proverb: "*Duos qui sequitur lepores, neutrum capit.*"

Some months ago I alluded to the fact that British Columbia was a prey to placemen—characterized our official staff as the "bloated civil service" and called upon the Governor to cleanse the Augean stables. Subsequent reticence must not be taken as an indication that the eyes of "Argus" have become heavy, or that his interest in the political affairs of the country has flagged. Having directed attention to the Wen of the colony (our bloated civil list), I was content to wait and see what the present session might bring forth. Enough has already transpired to convince me, and I believe the public generally, that too much was expected from the present administration. The Budget, which you, sir, heralded forth as calculated to inspire "confidence in the country and its Government, and feelings of gratitude to Almighty God," has been very summarily disposed of by the so-called Legislative Council. You must have taken your first peep at that wonderful Budget through colored spectacles. Did you count up the actual number of heads of departments, 1st clerks, 2nd clerks, 3rd clerks, 4th clerks, accountants, 1st constables, 2nd constables, 3rd constables, legions of messengers, supernumeraries, toll collectors, check-takers, postmasters, and *id genus omne*? And did you reckon up the salaries and divide the sum total by the six thousand—for we have no more of a population, and what was the quotient?

You enjoin brevity upon your correspondents, and I shall not allow the length of my letter to afford excuse for its rejection. If you will kindly publish it, it is my intention to follow up this subject with a few short papers.

ARGUS.

HOLLOWAY'S PILLS.—The Grand Requisites.—Nobody will deny the assertion that for man's comfort and happiness pure blood and a sound stomach rank among the first requirements. Both may be safely and inexpensively secured by these admirable Pills; which act gently on the weakest frames, and cause no violent shock to the most sensitive system. Holloway's Pills have proved themselves competent to deal constitutionally with those infirmities which descend from parent to offspring, which often mar the brightest prospects and throw a constant gloom over youth. These Pills purify both the solids and the fluids of the body, and by that salutary process rouse every organ to perform naturally its proper function, and strengthen every nerve for its proper duty.

ALL CURES MADE EASY!!
HOLLOWAY'S OINTMENT.

Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.
These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighbouring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage; and most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout & Neuralgia.
Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subside and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm & other Skin Diseases.

After fomentation with warm water, utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach, consequently, in many cases, time is required to purify the blood, which will be effected by a judicious use of the Pills. The general health will be readily improved, although the eruption may be driven out more freely than before, and which should not be promoted; perseverance is necessary.

Sore Throats, Diphtheria, Quinsy, Mumps & all other Derangements of the Throat.

On the appearance of any of these maladies the Ointment should be well rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat; this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Serofula or King's Evil and Swelling of the Glands.

This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a serofulous nature. As the blood is impure the liver, stomach and bowels, being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs.	Chapped Hands.	Scalds.
Bad Breasts.	Contracted and Stiff Joints.	Sore Nipples.
Burns.	Elephantiasis.	Sore Throats.
Bunions.	Fistulas.	Skin Diseases.
Bite of Mosquitoes and Sand-Flies.	Gout.	Sore-heads.
Coco-hay.	Glandular Swellings.	Tumors.
Chiefo-foot.	Lumbago.	Ulcers.
Corns (soft).	Piles.	Wounds.
Cancers.	Rheumatism.	Yaws.
